

Annual Report 2020-21

The academic year 2020-21 was an abnormal year for the whole world due to the pandemic that affected the human race and killing millions of people. As part of the strategies to combat Covid 19, academic institutions had to be closed for many months throughout the world. India was not an exception and all colleges and schools were closed for months and this affected the campus life and many of the activities that usually take place in the college as per the college calendar. The covid lock down introduced the staff and students to resort to the virtual platforms of teaching-learning process. All the departments in the college organized many programmes for student development and teacher development virtually. In spite of the constraints created by Covid and the consequent lock downs the college could make tremendous progress in all aspects of academic life.

Academic Results

The college continued its performance in the academic results during this year also. Final semester results in the various departments are worthy of pride for the college. For the UG programmes the results are as follows:
